To all PACE Distribution Partners,

We will be implementing a price increase effective August 1<sup>st</sup>, 2025. Below outlines the details of our upcoming price increase.

- 7.5% increase on SYS, SCS and FMX products
- 10.00% increase on SPARE, TIP, FF (*fume extraction filters*) products
- 0.0% increase on Capital BGA systems

Please note, we did NOT have a general price increase in January 2025. Given significant cost increases, we are now pushed to make this change.

For any questions or clarifications, please contact us using the emails listed at the top of this document.

Sincerely,

*Michael Luzius*
